"Copy of Mr Arnold's Letter

With reference to my letter of the 27th Sept last forwarding an application from Mirr Basil Ali Khan for an extension of his scholarship for a fourth year, I am glad to be able to report that this scholar has now passed the Bar Final Examination, and also passed one part of the Examination for the LL B Degree, in which he has taken a high Second Class It is I think very satisfying that Basil Ali Khan has given such Satisfactory proof of his good work It is to be remembered that he has been able to devote his attention to the requirements of these Exams because his ordinary work for the B A degree at Cambridge is so complete as to leave no doubt that he will graduate in June next On this assurance and with entire approval of his Tutor at Peterhouse he now wishes to proceed with the work required to complete the LL B Exam, and as his present Scholarship expires in May he cannot do this unless the application referred to above receives a favourable answer He pointed that unless this extension is granted the work he has done on the final part on the hope that he would be allowed to complete the degree, will be all wasted I venture to think the fact that Mirr Basil has passed his Bar final, & done this work towards LL B degree in addition fully confirms the previous favourable reports that I have been able to send about him & shows that this Scholar is in every way deserving of encouragement I shall be obliged if you would let me hear at an early date What reply I am to communicate to him

Dear Sir,

I beg to forward an application from Mir Basit Ali Khan whohas been placed under my guardianship by the Mysore Government He asks for an extension of his scholarship for a fourth year, and I have every reason to believe that, if the Mysore Government accedes to his request, the money will be well spent on a deserving student, and he willbe thereby enabled to proceed to the LL B degree and be thus better fitted for the work on his return to India

I enclose a letter of recommendation from Mr Edwards, the Tutor of Peterhouse College, Cambridge, and can cordially endorse the favourable opinion that is therein expressed of Mir Basit Ali's Industry and good conduct

Enclosure 4
Edn 125-11-1

To

The Inspector General of
Education in Mysore,
Bangalore

Sir,

I beg to lay before you the following circumstances, hoping that you will be good enough to give them your favourable consideration,and to recommend my case to the Government of His Highness the Maharaja

As you are aware the Mysore Government have graciously awarded me a scholarship for the usual term of three years to enable me to be called to the Bar, and to take the B A degree at Cambridge

In the ordinary course my three years end in May, 1912, andmy request now is that my scholarship may be extended for a fourth year The reason for which I venture to ask this concession is that I am anxious to take the LL B degree

So far I have passed all the examinations for the B A degree (by taking a high second-class) and for the Bar which it was open to me in the time to appear for, and I hope to complete both qualifications in 1912, after having kept the required number of terms both at Cambridge and at the Inns of Court in London

Further while preparing for the above-mentioned examinations I have at the same time preparing for LL B degree examinatior, in the hope that the Government of His Highness the Maharaja will, with its usual generosity and encouragement extend my scholarship for a fourth year, and

thus

5

thus enable me to obtain the additional degree, and so make my legal education as complete as possible

In ordinary circumstances the LL B degree, which I propose to take, cannot be taken before two years after passing the B A degree, but in my case the University Authorities, being satisfied with my qualifications, have kindly grantedme a special concessior by allowing me to appear for the examination after ore year instead of two years

I trust that the enclosed certificates and recommendations of my College Tutor, Col H J Edwards, M A C B , and Mr T W Arnold, the official advisor th the Indian Students, may be accepted by the Government of His Highness the Maharaja in support of my request, and that it willbe considered that I am striving to take the fullest advantage of the opportunities so generously afforded me by the Mysore State

Finally, I venture to submit that my request is not without precedent, as the Government of His Highness the Maharaja has already been pleased in cases of a similar nature to grant extensions of scholarships I hope, therefore, that the circumstances may be held to warrant a favourable consideration of my request that my scholarship may be renewed for one year more, i,e, from June 1912 to June 1913

I have the honour to be,
Sir,
Your most obedient servant,

To

The Inspector General of Education in Mysore

Peterhouse,

9th September 1911

Sir,

In support of a request from Mr A K Basit of the College, for the renewal of the scholarship graciously granted to him by the Government of H H the Maharaja of Mysore, I have the honour to submit the following remarks -

Throughout his Cambridge course Mr Basit has applied himself to his studies,in History and Law, with unvarying diligence and unbroken success, and at the Bar likewise he has made just as good progress There is no doubt about his intelligence, no doubt about his real interest in Law as a subject, and without any reserve whatever I support his request, and recommend it for most favourable consideration The additional qualification (an LL B degree) which he proposes to obtain is of indisputable value to a prospective Barrister, and without the renewal of his scholarship Mr Basit cannot stay in England for the fourth year which is necessary to the LL B degree in question

As his Tutor at Peterhouse, I have seen much of Mr Basit during the last twoyears I consider him tobe a student of the best type irreproachable in character, indifatigable in effort, in everything a gentleman Such men we are most glad to welcome from India, for they do good at the University, and get real good from it One feels about such men that they are truly representative of the Indian Empire, and are looked forward in confidence

to the good work which they will do upon their return to India

With reference to my letter of the 27th September last forwarding an application from Mir Basit Ali Khan for an extension of his scholarship for a fourth year, I am glad to be able to report that this scholar has now passed the Bar Final examination for the LL B Degree, in which he has taken a high Second Class It is I think very gratifying that Basit Ali Khan has given such satisfactory proof that he is doing good work, and it is to be remembered that he has been able to devote his attention to the requirements of these examinations, because his ordinar work for the B A Degree at Cambridge is so complete as to leave no doubt that he will graduate in June next On this assurance, and with the entire approval of his tutor at Peterhouse, he now wishes to proceed with the work required to complete the LL B examination, and as his present scholarship expires in May next he cannot do this unless the application referred to above receives a favourable answer He points out that unless this extension is granted the work he has done on the first part in the hope that he would be allowed to complete the work for his degree, will be wasted I venture to think that the fact that Mir Basit Ali Khan has passed his Bar Final, and done this work towards the LL B Degree in addition, fully confirms the previous favourable reports that I have been able to send about him and shows that this scholar is in every way deserving of encouragement I should be obliged if you would let me know at an early date what reply I am to communicate to Mir Basit Ali Khan
